

A VIRTUAL MOVIE NIGHT IN HONOR OF PRIDE MONTH

Thursday, June 2, 2022 • 6:30-8:30pm • ONLINE

This film is a story about hanging onto people you love as you prepare to let them go. Oscar-winning documentarian and LGBTQ+ activist Debra Chasnoff did just that as she turned the camera on herself in response to her cancer diagnosis.

PROGNOSIS: Notes on Living - completed by her wife Nancy and other loved ones after Debra's death - offers an intimate, honest portrait.

After the screening, stay for a discussion facilitated by Mission Hospice, the San Mateo Pride Initiative, and Bay Area Cancer Connections.
